Portable Radar Speed Trailer

MODEL: TRAILER

INCREASE SPEED AWARENESS TO INCREASE SAFETY

The SpeedSafe Municipal portable radar speed trailer is a compact, towable traffic-calming solution designed to remind motorists to slow down and drive at safer speeds. The trailer-mounted system combines a speed limit sign with changeable digits and a large, highly visible LED display that shows approaching drivers their actual speed. The LED sign also displays customizable messages such as SLOW DOWN, TOO FAST, THANK YOU and more.
